Overton's Captor Visits Huntsville; Gets Big Ovation

(International News Service.)
Huntsville, Ala., Sept. 30.—Sheriff Puckett, of Smithville, Tenn., who captured D. B. Overton in that place, was the center of attraction when he arrived here today. He was met by several hundred people and given a great ovation. He seemed very much embarrassed by the attention paid him. He still refused to give out any details of the capture.

Fraternal Union to Have Jubilee Meet

On Thursday evening, Oct. 5th, at 8 o'clock a meeting will be held at the Albany city hall by the members of the Fraternal Aid Union for the purpose of deciding upon a time and place for holding a jubilee meet. On this occasion a banquet will be served, speeches delivered and an evening of interest and pleasure conducive to a get-together meet.

Since the organization of the Union in 1897 the order has paid in death claims about \$14,000. Hon. E. W. Godbey was the presiding officer and W. B. Shackelford the secretary, both of whom are still members in good standing.

The Union now has a local of 85 and is steadily growing. One of the distinctive features of insurance is that men and women are admitted on equal terms.

Newman Loser, southern states manager, is now in the city, renewing old friendships and incidentally adding new members. Mr. Loser is oldest, in point of service, of any one connected with the order, having been in the field for twenty years, and a member of the supreme body for sixteen years, being on the board of auditors. G. B. Moore, Jr., is now president, and Henry Hartung the local secretary.

The Fraternal Aid Union now has a membership of over 30,000 and over a million dollars reserve, owning two handsome office buildings, one at Lawrence, Kansas, and one at Denver, Colo., officials residing at Lawrence.

FRENCH TROOPS ADVANCE

LINE NEAR BAPAUME.

(International News Service.)
Paris, Sept. 30.—French troops east of Comblès, who are co-operating with British in an attempt to encircle the Germans at Bapaume have advanced their lines. The war office stated today that bad weather is hindering operations, but that the French have made more progress north of Ran-court.

GERMAN CENSORSHIP OFF; AMERICAN HOSTILITY SHOWN

Resumption of Submarine Warfare is Now Believed Certain at Berlin.

Berlin, Sept. 30.—Overshadowing everything else in the public mind the possibility of a resumption of the ruthless U-boat warfare continues the topic of the day.

Two questions are the main subjects of discussion: What will Ambassador Gerard tell President Wilson? Did the chancellor's speech mean he has been converted to the plan of a full fledged submarine campaign?

London, Sept. 30.—With the soldiers fighting in the cold driving rain, the great battle of the Somme upon which the outcome of the world conflict may hinge, enters its fourth month today.

Although the Anglo-French soldiers are handicapped by the deep mud which covers the field of battle, fighting continues, especially around Bapaume, where more gains have been scored.

Soaked to the skin and plastered with mud, the British and French soldiers continue at their task of driving the Germans out of France, forgetful of their hardships in the glow of winning.

GERMAN COUNTER ATTACKS ON SOMME BEATEN OFF.

(International News Service.)

London, Sept. 30.—Heavy German counter attacks delivered during rain storms on the Somme front last night were beaten off, the war office announced today.

A division of the new British army took part in this latest burst of fighting and behaved with great gallantry. The British have consolidated their new positions north of the Albert-Bapaume highway.

GREAT VICTORY CLAIMED BY AUSTRIO-GERMANS.

(International News Service.)

Berlin, Sept. 30.—The German and Austrian forces led by Gen. von Falkenhayn, the recently retired chief of the general staff, have inflicted a crushing defeat on the Roumanian army in Transylvania, the war office announced today. Upon the entire seventy-miles front the Roumanians have been routed and are fleeing in disorder into impassible mountains. A second army came too late to save the main forces. The official statement implies that large forces are cut off.

CAPITAL LANDMARK HAS NARROW ESCAPE

One of Washington's historic spots was endangered a few days ago when a building inspector discovered that Kith Sutherland, an old plantation dandy, was conducting a restaurant with only a push-cart license. This inspector reported to headquarters and a health department inspector became interested. The latter reported to headquarters that the restaurant was insanitary, and trouble began. Sutherland had built the shack piecemeal over a period of more than ten years, and his stand had become popular with railroad hands and many other laborers who enjoyed not only the food, but the quaint sayings on the wall and signboards as well. Sutherland interested a great many influential friends in the effort to save his shack, the fighting having extended to the district commissioners.

WASHINGTON FAILS TO SHOW ALARM AT POSSIBILITY OF U-BOAT CAMPAIGN

(International News Service.)

Washington, Sept. 30.—Diplomatic circles in Washington today failed to see indications that Germany would resume submarine warfare on the former plane "at this time." Chancellor Von Bethmann-Holweg's characterization as a "statesman who deserved to be hanged" referred to a statesman who would refuse to use every "proper" means of warfare that would shorten the war, it is believed.

"In the present circumstances Germany does not consider a resumption of submarine warfare to be a proper means of warfare," one diplomat stated.

The return to the United States of Ambassador Gerard likewise was taken as an indication that no change is to come in the German policy. It is admitted that the ambassador will discuss relations between Germany and the United States with state department officials.

It was also said that Ambassador Gerard will talk of the possibility of peace in Europe when he arrives in Washington.

GERMAN WEAKNESS SEEN IN CHANCELLOR'S WORDS.

(International News Service.)

London, Sept. 30.—The speech of the German chancellor is regarded here as admission that Germany sees defeat to be inevitable.

Dr. Von Bethmann-Holweg's words implying that ruthless submarine warfare is to be resumed is taken to clinch that belief.

The Chronicle declares that Germany sees all hopes of annexing Belgium gone and that she realizes that she cannot win on the field. The only question, the Chronicle says, is "how much longer can Germany last?"

ALEXANDER AND McMILLAN FOR POSTMASTER OF ALBANY

Both Announce As Candidates For Full Four Year Term That Comes as Result of Change of Name

The race for postmaster of Albany, Ala., in the event that the name of the postoffice is changed, thus automatically invalidating the commission of Postmaster Claude McMillan, opened up with a whoop today, when two hats were thrown into the ring for the full four-year term.

The candidates to announce are: Claude McMillan, postmaster of New Decatur.

T. H. Alexander, associate editor of the Albany-Decatur Daily.

It is generally believed that the post office department will rule that the appointment must be made for the full term, and that the office becomes vacant on the day that its cognomen is changed. This adds zest to the contest, and inspires spirited campaigning by both applicants. It is understood here that had it been possible to do so, Congressman Almon would have named Mr. McMillan to fill out his unexpired term, and then would have named Mr. Alexander as his successor, in the event that the democrats win the coming presidential election. Inasmuch as the appointment will be for the full term, and will probably be made by the first of the year, it is assured that Mr. Alexander will be recommended for the place by the Eighth district congressman. According to democratic precedent, the naming of postmasters in their districts is left to the congressman.

Both Hats in the Ring.
"You can say that I am an active candidate for the full four-year term," said Mr. McMillan this morning to a representative of the Daily.

"Yes, I will be a candidate for post-

master of Albany," said Mr. Alexander, in reply to a query.

McMILLAN'S FRIENDS SAY HIS RECORD IS GOOD.
Friends of Postmaster McMillan in reviewing the administration of the present postmaster declared that his record is good. They point out that the receipts of the office increased \$3,000 in three years. Last year the office was designated as the base for general stock supplies for all fifth and fourth class offices in Cullman, Lawrence, Limestone and Morgan counties. This was said to be unusual. In addition the office was mentioned in December, 1915, in the daily bulletins, general orders and monthly supplements in connection with the conservation of twine by postoffices. St. Louis and New Decatur were said to be the most economical offices in this regard.

Mr. McMillan declares that during his administration of almost three and one-half years he has been faithful in attendance on the duties of the office and has kept the postal accounts himself. Only two corrections have been made by the auditor, according to the claim. On a recent case examination which is required only of postal clerks the postmaster scored a rating of ninety-nine and forty-two hundredths. Mr. McMillan also points out that during his term of office he has not asked for more than the stipulated annual leave of absence and on each occasion he went to Washington in the interest of his office.

Mr. McMillan went into office on July 1, 1913.

Count Von Burian, Austrian Premier, Resigns Office

(International News Service.)

Amsterdam, Sept. 30.—The Vossische Zeitung publishes a rumor that Baron Burian, the Austro-Hungarian premier, has resigned. The retirement of Premier Burian would mean that the strong political party backed by Count Andrássy has won a stubborn fight for ascendancy in affairs in the dual monarchy. Andrássy, the probable successor of Burian, is an ardent admirer of the Kaiser.

GOUGH'S STRIKE OWINDLES HOURLY; 150,000 GO BACK

(International News Service.)

New York, Sept. 30.—The proposed industrial tie-up in this city of employees in sympathy with the striking traction workers received another jolt today, when announcement was made that the 150,000 members of the Ladies' Garment Workers union would return to work at the end of the Jewish holidays.

Those who quit in sympathy with the carmen have dwindled to a mere handful, 6,000 brewery workers being the latest to return to work. The police report a steady diminution of disorder.

A strike separate entirely from the traction walk out has developed on the water front, where the employees of the West Shore Railroad went out. They were reinforced by 300 tug boat employees.

After 28 Years of Business Here, T. H. Mattocks Retires

(International News Service.)

Stock of Second Avenue Jeweler Is Sold to James A. Nelson of Decatur.

Thomas H. Mattocks, in business in this city for a longer continuous term of years than any other merchant, today completed details of the sale of his jewelry store at the corner of Second avenue and Grant street to James A. Nelson, of Bank street. Mr. Mattocks retired from active business life today, although he still retains his extensive real estate and banking interests.

The stock sold by Mr. Mattocks to Mr. Nelson has been transferred to the Bank street store along with the fixtures. It is understood Mr. Mattocks' former stand will be used shortly by Thompson's new drug store.

Mr. Mattocks came to the United States from England in 1878. He worked four years as a watchmaker and then settled here in 1888 he came to Decatur. He has been in business here continuously for twenty-eight years, and has been in the same store building for the past twenty-four years. Mr. Mattocks is past grand commander of the Knights Templar of Alabama.

Whetting Our knives for Post-Bellum Days

Washington, Sept. 30.—An exhaustive report on the conditions which the United States must face in the commercial struggle that must follow the European war soon will be made public by the federal trade commission, recommending the enactment of comprehensive legislation to aid American merchants and manufacturers in foreign trade.

The legislation will be based on the Webb bill exempting combinations for export trade from the operations of the anti-trust laws, which failed to pass the senate.

The trade commission report, which is practically completed, is based upon nearly a year of investigations in all of the markets of the world. Agents of the commission have probed the commercial systems of practically every world power.

Trade Commission to Tell How to Get Trade When War is Over.

(International News Service.)

Washington, Sept. 30.—Reports published in foreign newspapers that the steamers Kelvina and Strathay were torpedoed by German submarines without warning were denied by the Overseas News agency today. "It is stated on competent authority that neither vessel was attacked."

When the Bureau report is out of the way it will be the last monthly crop report until December when the government will issue its estimate on the probable size of this year's crop, thereafter, that is, after the government report Monday, weather developments and the character of the trade demand to be experienced next month will likely govern the future course of values. Owing to the rapidity with which the crop has been picked and ginned stocks are accumulating fast in the interior which is reflected in the world's visible supply of American, now only 534,000 less than one year ago, whereas on Aug. 1 last it was 1,153,000 smaller than last year, stocks at 29 counted interior towns on August 1, were only 320,000 last year, 438,000, now they are only 18,000 smaller than last year, 534,000 vs. 602,000 and will likely be larger than last year next week for the first time this season.

T. H. ALEXANDER FOR

POSTMASTER OF ALBANY.

In the news columns of today's Daily Mr. T. H. Alexander, associate editor of this paper for the last year, announces his candidacy for appointment as postmaster of Albany, in the event that the name of the postoffice is changed from that of New Decatur, thus automatically terminating the commission of the incumbent. It was not until quite recently known locally that changing the name of a post office vacated the office of postmaster. Certainly the Albany-Decatur Daily did not dream of such a possibility, nor did Mr. Alexander. It is to be regretted that if the change of name is sanctioned by the postal department that it will not be possible to name Mr. McMillan as his own successor for the remainder of his four year term. That the appointment must be made for four full years is one of the fortunes of war. Mr. McMillan will not rebel at this, for he strongly advocated the change of name and has already transmitted to Washington the official request that the change be made effective as soon as possible.

In advocating the appointment of Mr. Alexander as postmaster at Albany the Daily has no personal axes to grind. In fact, his elevation to the more lucrative emoluments of federal service will cause this newspaper a distinct loss in that it will be deprived of his future services should he become the servant of Uncle Sam, and this is no mean consideration when we take cognizance of the fact that newspaper men of his training, calibre and character do not often care to stray far from the larger cities. In justice to Mr. Alexander it might be further stated that he owns no stock in the company that publishes this newspaper, and has no controlling voice in its management. The Daily supports his candidacy purely on the grounds of his eminent fitness for the office. He is qualified by temperament, education and experience for the public service.

It is known that Mr. Alexander will have the endorsement of Congressman E. B. Almon, which, according to democratic custom and usage is equivalent to appointment. While the Daily opposed Congressman Almon's nomination and is not in position to ask favors of him, at the same time it congratulates him upon

WHY SUFFER WITH BACKACHE, KIDNEYS OR RHEUMATISM NOW?

Letter Tells of Long-looked-for Prescription.

Dear Readers—If I can do any good in the world for others, I wish to do it, and I feel that it is my duty to write about the wonderful results I received from the use of "Anuric." I was suffering from kidney and bladder troubles, scalding urine, backache and rheumatism, and feet and ankles swelled so that at times I could not walk without assistance. Had taken several different kinds of kidney remedies but all failed. I sent for a box of Dr. Pierce's newest discovery, "Anuric," which I received by mail in tablet form. I soon got better and am convinced that this popular new medicine is good. I wish to recommend it to my neighbors and everybody suffering from such troubles.

MRS. M. J. SARGENT.

NOTE: You've all undoubtedly heard of the famous Dr. Pierce's well-known medicines. Well, this prescription is one that has been successfully used for many years by the physicians and specialists at Dr. Pierce's Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., for kidney complaints, and diseases arising from disordered action of the kidneys and bladder, such as backache, weak back, rheumatism, dropsy, congestion of the kidneys, inflammation of the bladder, scalding urine, and urinary troubles.

Up to this time, "Anuric" has not been on sale to the public, but by the persuasion of many patients and the increased demand for this wonderful healing Tablet, Doctor Pierce has finally decided to put it into the drug stores of this country within immediate reach of all sufferers.

Simply ask for Doctor Pierce's Anuric Tablets. There can be no imitation. Every package of "Anuric" is sure to be Dr. Pierce's. You will find the signature on the package just as you do on Dr. Pierce's Favorite Prescription, the ever-famous "Friend to ailing women," and Dr. Pierce's Golden Medical Discovery, proven by years to be the greatest general tonic and reconstructive for any one besides being the best blood-maker known.

C. BROOKS SMITH BOOST THE SHOALS

INSURANCE COMMISSIONER OF ALABAMA DECLARES NITRATE PLANT SHOULD BE LOCATED.

Birmingham, Ala., Sept. 30.—Muscle Shoals is declared to be the logical site for the location of the government nitrate plant by C. Brooks Smith, insurance commissioner of Alabama, in an interview given out here today.

Said Mr. Smith: "Our opportunity for great progress in the south lies in the development of agriculture," said Mr. Smith. "There is but one way to increase our crop returns without increasing our labor, and that is by use of fertilizer."

Therefore, still quoting Mr. Smith: "It has been truly said that the production of an ample supply of fertilizer and its universal use on the crops of the south is more to be desired and striven for than any other material reform before our people."

"Cheap water power is essential for the production of nitrogen," said Mr. Smith, "and Muscle Shoals is the largest inland water power in the United States. The possibilities are 50 per cent greater than what has yet been done at Niagara Falls."

"Its location in the interior pro-

Cole's Original Hot Blast

is a double stove—a heavy durable heating stove slipped inside of the powerful radiating body which radiates all the heat. This remarkable construction makes an absolutely air-tight stay-tight heater which holds fire from Saturday night until Monday morning. This guaranteed stay-tight construction in connection with our Hot Blast fuel saving draft makes our guaranteed great fuel economy possible.

The Many Feet of Leaking Joints

made temporarily tight with stove putty explains why imitation hot blast heaters and stoves with other fuel saving devices are not guaranteed to remain air-tight always, as is Cole's Hot Blast.

Cole's Hot Blast burns any fuel—soft coal, hard coal, or wood.

It is a powerful radiator of heat.

It gives a sizzling hot base.

It gives a guaranteed fuel economy.

You can't afford to be without this remarkable heater. Come in and see it today.

FAILEN ASLEEP.

Brother J. Y. Reynolds, a well-known citizen of Fayetteville, Tenn., died at the St. Thomas hospital at Nashville, Tenn., on Sept. 21, after an operation had been performed. About thirty years ago Brother Reynolds obeyed the gospel of Christ which made him free from sin. (Rom. 6:17.) After a few years of a Christian life he became negligent and did not perform his duty in every respect. But a few months ago he saw his condition and realizing that he could live close to God, he prayed that he might be forgiven. A few days before he passed away he told his family and his friends that he was prepared to meet his Maker. He knew this because he had faith in God and knew what the Lord had promised. John said, "My little children, these things write I unto you that ye sin not, and if any man sin we have an advocate with the Father—Jesus Christ."

Brother Reynolds knew that he had not lived as close to God as he could have lived and knew that he had an advocate with the Father.

Paul in writing to people who at one time had obeyed God, said, "Let us therefore come boldly unto the throne of grace, that we may obtain mercy and find grace to help in times of need." Brother Reynolds knew that he needed help, and went to the throne of grace for the help, and if Heb. 4:16, be correct, he found the help, and we have no doubts as to its being correct. Christ, while on earth, was tempted like as we are tempted, though he was strong, yet we are weak and are subject to mistakes; therefore, he said through John, "If we confess our sin, He is faithful to forgive us our sins and to cleanse us from all unrighteousness." (John 1:9) This is why our brother could say he was ready. Brother Reynolds had a host of friends at this place, a number of which attended the funeral.

He was laid to rest in the family graveyard near his home in the presence of a large number of his friends, who contributed largely with nice flowers. He leaves a wife and ten children, five of whom reside at this place. We extend to them our heartfelt sympathy in their sad bereavement.

FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With
Thedford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, of this place, "with sick headache, and stomach trouble."

Ten years ago a friend told me to try Thedford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and whenever I feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught.

Thedford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Your druggist sells and recommends Black-Draught. Price only 25c. Get a package 10-day.
